

# Safety Summit

## “Work Place Safety”

The Nebraska Trucking Association presents the 2019 Safety Summit: a two-day event bringing together safety managers, fleet owners, maintenance managers and other key leaders from Nebraska's trucking companies and affiliates. This year's theme is Workplace Safety. Featured speakers include Dave Osiecki, President of Washington, DC-based Scopelitis Transportation Consulting, who will provide information and insight on good safety policies and practices in the areas of driver hiring, supporting documents and internal auditing of e-log data, video and telematics data, drug and alcohol testing and more. OSHA's Darwin Craig will answer one of the most nagging issues: What OSHA really wants to see! Plus there will be great breakout sessions, such as “Stop the Bleed,” “Active Aggressors,” and “The Truth About Injury Costs,” with many more.
